Some student comments

(Reason behind your choice?)

I was little worried about my English skills before the camp but I'm glad to participate in this camp now! Everything I experienced was so nice. I want to join this again next year.

(Reason behind your choice?)

It was very well-organized throughout the camp.

It offered many opportunities to learn things and have fun with new friends.

The safety is perfect.

Teachers are so cool guys.

(Reason behind your choice?)

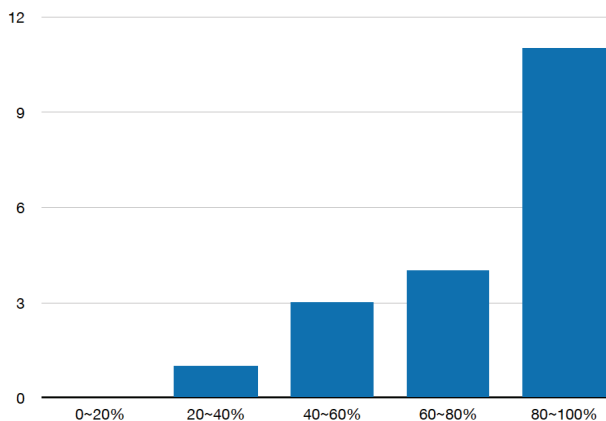

I met so many attractive people.

I am motivated to work harder to become a better person.

And most importantly, I enjoyed the camp so much!

We could learn not only English writing skill but also how to build our team, this camp has a lot of things to learn.

(Reason behind your choice?)

The introduction script writing (about "why does Starbucks not serve most children") really worked for us to understand the concept of what to do.

(Reason behind your choice?)

I learned a lot of things from workshops. It was so hard to develop the script from scratch. And

I was able to gain English skills but also thinking skills not only

The time limit was very short, but we could do our best. And I could understand how difficult making humor is.

It was so nice experience for me.

(Reason behind your choice?)

(Reason behind your choice?)

We had some difficulties but the process of overcoming the problem was so valuable.

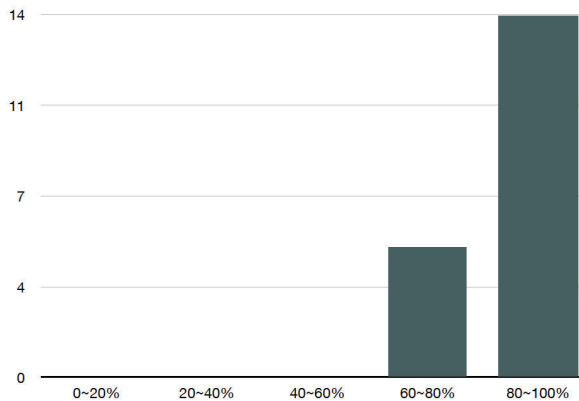

It is little difficult for me, but my team members support me.

Discussing in English was hard, but that was also a good experience.

Firstly, it's so interesting! I never did this before. and it's also taught me a lot about English language, for example it was the first time I thought about the logic of writing a play.

one of
I'm so happy to be my group member. because they're very kind and ~~they~~ smart. We sometimes have conflicts of our opinion, but finally we succeeded to make wonderful play. I'm glad to be able to had a good discussions,

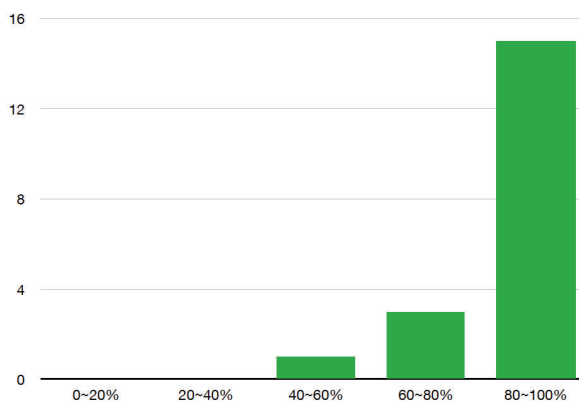

They are all hardworking and friendly. Although the ~~team~~ was not ideal, we overcame the ~~result~~ ~~on~~ cultural and language differences in the process, and I left really good that we could finish this scripe.

We all did work and think very hard to make good team. But sometimes it was difficult for me to contribute to give some idea in English. At that point, I have to improve.

all my team members are kind and intelligence so I could learn a lot of things from them.

It was a lot of fun to be able to work together to create a piece in English.

(Reason behind your choice?)

I really enjoyed the activities. I felt refreshed when we did exercises in beautiful nature. And talking with the members was so fun. I enjoyed to talk about differences between my country and the other country. I'm happy to get along with the members through this 1 amazing camp.

Every day we had much special tasty food in BBQ.

We enjoyed exercising, working, eating and gaming together

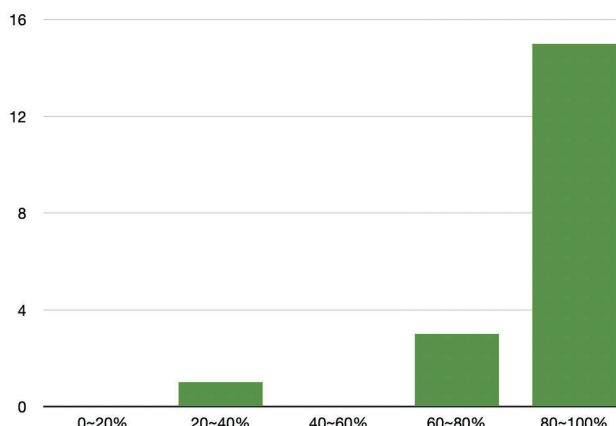

Some very new experiences. I enjoy this process it can make us understand each other better.

Baking marshmallow chocolate cookies is, genius!!!

Those activities were not only so exciting and also special chances to know what I didn't know. Especially it was difficult and interesting to explain the rule of Jiro in English.

(Reason behind your choice?)

It has a nice atmosphere and served very nice facilities including lodges, bathrooms, and the playing gym. Even though I was bitten by mosquitoes many times, ~~me~~ I ~~can~~ still give it "99% satisfied" score.

(Reason behind your choice?)

Clean and comfortable to live with 2 floors of living space. So we can choose the place we prefer to sleep in. Bathroom is satisfying as well. Food is Delicious!

(Reason behind your choice?)

I was surprised at how big the cottage was. The facilities were better than my training camp, so I was satisfied. However, some people said it is too short for taking the bath.

(Reason behind your choice?)

Everything was a lot better than I had expected, so overall, I am satisfied.

If I am to point out, I guess the bedroom was a bit small. (I hit my head a few times ...)

Some student comments

Q7. Would you recommend the summer camp program to your schoolmates?

1. Yes! Absolutely!

2. I am not sure.

3. No! Absolutely Not

But I am a bit worried because if I recommend it, it will become too popular and there will be no space for us to join again :)

Thank you so much for planning and organizing this camp!!

THANK YOU!!

It was more fun than I expected.

I definitely want to try it 😊
